

Get Your Boots On AC Report 06/10/08

The young person's group has enjoyed a good year, thanks to the efforts of the committee and the many new members who have attended walks. Our programme has been varied, and has been put together to appeal to a broad range of ability.

Despite the lack of information from Head Office about membership, attendance on walks has remained strong and the socials have been well supported. We recently had a set of business cards printed which will serve as a reminder for people to join when we hand them out on walks.

Recent highlights include completing the Centenary Way with a weekend in Scarborough and some lovely walking in the Wolds.

At the end of October, GYBO is going to the Forest of Bowland for the first time. Further weekends away, a feature of the group from the beginning, are in the offing for next year; with destinations including the Lakes, Scotland and the Brecon Beacons being scheduled.

Our AGM will take place on 9th November at 3pm, in the upstairs room at Brigantes pub on Micklegate. Next year we plan to have a slightly larger committee including a publicity and socials officer.
