The Ramblers' Association is a registered charity (England and Wales no: 1093577, in Scotland no: SC039799) and a company limited by guarantee, registered in England and Wales (no: 4458492). Registered office: Second Floor, Camelford House, 87-90 Albert Embankment, London SE1 7TW.

A Happy New Year

to all our readers and welcome to this small, (but perfectly formed?), wrap-around edition of Area News. The centre pages 5-28 contain the Area Annual Report, with Area News continuing on pages 29-32.

Our front cover photograph was taken near Thixendale on the special Area walk which took place in October to celebrate the Ramblers' 75th anniversary. This was followed by refreshments at the village hall kindly arranged by Dennis Parker. Above, members from all parts of our Area assemble at the start of the walk led by Colin Mullender.

A Memorial Walk

Congratulations to Alison Stanley and a group of eight friends and relatives, who travelled from the West Midlands in September to walk the Minster Way in memory of Alison's father, Norman Trezise, who died in 1996. Norman was an enthusiastic member of the R.A. in our Area and drew the maps for the Minster and Chalkland Ways.

The group completed the walk in four days, some staying at Mrs. Dykes' B & B in Millington, and the rest at the Kilwick Percy Buddhist Centre. I understand the takings at the Gait Inn, Millington were enhanced during their visit!

••••• **Spot the dots! Chris Bush appeals for help to ensure that vital rights of way are identified and recorded for the future.** •••••

1:25000 Ordnance Survey Explorer maps provide a reliable source for planning walks. Readers will probably be familiar with green broken lines indicating different types of Right of Way such as:

Footpaths: -----
Bridleways: - - - - -

Also indicated in green are BOATs (Byways Open to All Traffic) and Restricted Byways (formerly known as "Roads Used as Public Paths"). These are all listed on the Definitive Map held by the responsible Authority, usually a County Council or Unitary Authority, but also National Park Authorities. There is extensive legislation about how these rights may be extended, amended or withdrawn once they are recorded on the Definitive Map.

Of concern to us at present however are routes indicated by green dots

••••• which denote "Other Routes with Public Access" – known as ORPAs. The exact rights are not known, and there may be restrictions. If you look at a map carefully you will find that many of these ORPAs form vital links in popular walking routes in our area, not least on the Yorkshire Wolds Way.

We need action now to make a list of the ORPAs on the maps affecting our area and then to check the status of each route with the relevant Highway Authority (HA). The task is threefold:

- 1 **Identify** and list the ORPAs
- 2 **Check** with the HA the status of each ORPA (if known) and find out whether it is on the List of Streets (highways maintainable at public expense).
- 3 **Find out** which are being processed for adding to the Definitive Map

Task 1 involves scrutinising grid squares on all the maps covering our area, checking for green dotted routes and then identifying these ORPAs with grid references. Quite a big task, so will you help with this by perhaps looking at the area where you live, walk or lead walks? It is a table top job which could take just an hour or two.

If you would like to help, please contact Chris Bush for North Yorkshire, David Nunns for York or Mike Jackson for Hull and the East Riding – contact details in the walks programme.

Please help with this first stage.

Chris Bush

Pocklington

Pocklington is delighted to have achieved Walkers are Welcome status. Jo Green of the Pocklington & Wolds Gateway Partnership explains how this came about:

The Pocklington and Wolds Gateway Partnership is a community partnership with representatives from community groups, local councillors and private individuals (all volunteers). We have been working towards WAW status for nearly a year with the help of Pocklington Ramblers and Pocklington Town Council.

Local businesses and Pocklington Ramblers helped us gather signatures showing support for the idea. Local businesses will be helping to provide information for walkers and will display stickers in their windows with the WAW logo. We're also going to give information on the town website www.pocklington.gov.uk. To celebrate, we are organising a weekend of walks. Details below. Jo Green

In order to gain WAW status, six criteria must be met, including:

1 Action to ensure that facilities for walkers are maintained in good condition.

This could be demonstrated by the local council and/or voluntary group making a commitment to ensuring that all paths in each parish are walked at least once a year and that obstacles and problems are dealt with promptly.

2 Encouragement of walking using public transport. For more details see www.walkersarewelcome.org.uk

Pocklington Weekend of Walks 12th-13th March 2011

Walks of differing lengths and themed walks including a local history walk and a nature walk. For more information contact Jo Green on **01759 301386**.

Ryedale

Tom Jackson of the Ryedale Group enjoyed a piece of the celebration cake (made by Pat Fielden) after leading twenty hearty souls in unrelenting rain. This is the first time Tom has led a walk in nearly three years since his horrendous accident. Welcome back Tom!

Beverley Group College Meal

Following last year's enjoyable evening at Beverley College, places have been booked for this year's "Summer Special" menu on March 31st. Details from Jean Cavill, **01482 888096** or email jeancavill@hotmail.com

The History of the York Ramblers Group

The year 2010 saw the 75th anniversary of the formation of the Ramblers' Association, but York's rambling history goes back well before 1935.

The Ramblers national website records York as being the first place in the country to set up a group specifically to protect footpaths. That was way back in 1824. It had the grand title of "The Association for the Protection of Ancient Footpaths in the Vicinity of York". An accurate description of its aim, but not a name that lends itself easily to a logo!

The York Ramblers group as we know it was formed on 14th October 1968. As in 1824, one of its main aims was to protect footpaths, and that still has a high priority.

One of the founder members, David Nunns, is still actively involved in the work of the York committee, being the Footpaths Officer.

Walking was not as high on the agenda as footpaths in 1968. In a letter dated 24th September 1968, prior to the formation of the York group, David Rubinstein, (Secretary at the time of East Riding Ramblers and a guiding light in setting up the York group) wrote, "... though actual rambling might in the initial stages be soft-pedalled since there are other rambling clubs in York, there is much work to do in saving footpaths."

The publicity sheet for the first walk makes interesting reading. It has just about everything! Use of public transport or cars, pub lunch, afternoon tea, a walk of two halves, and an early escape route for weary walkers. The only thing we can improve on in our current programme is that if we are in our 60s we do not have to pay bus fares! Does anyone know how much the 2/8d fare from York to Whitwell converts to in today's

money? Or even 1/6d from Stamford Bridge to York? Was it good value for money? And can we still eat our own food in the Blacksmith's Arms?

We are all aware nowadays that the Internet can be an excellent tool, but we also know that sometimes it can bombard us with too many rules and regulations. In 1969, lacking the existence of a national Ramblers' website for guidance, the York group was just coming round to the realisation that doing a recce before a walk might not be a bad idea:

Minutes of the meeting held on 14th January 1969, agenda item 1:

- 1. Arising from the walk along the Derwent, attended by over 30, it was suggested that walks should be walked over before taking a party.**

How nicely understated!

And so we move on to 2010. It would seem that there are more similarities than differences between the group of 1968 and that of today. Footpaths still have to be protected, rambles organised, bad weather to be coped with and, of course, recces to be done.

Buggy Walks

An enquiry was received recently as to whether any of our led walks are suitable for parents with children in buggies. If you are offering a suitable route in your group's next programme, please would you indicate in the notes that it is family-friendly (FF). If you can recommend possible routes for independent buggy walkers, please contact the editors.

Depart from Beverley at 8 am. Pick-ups in Market Weighton and Pocklington. To book, send £15 cheque (payable to Beverley Ramblers) to David Court, 17, Molescroft Rd, Beverley, HU17 7DX by 31st March. Walkers and non-walkers welcome.

Making Amendments to the Walks Programme

Severe weather this winter has once again led to a number of walks having to be cancelled or amended.

The procedure proposed in our September 2010 issue for notifying walkers of any unavoidable changes to the programme was adopted at Area Council in October and can be referred to on the WALKS page of our website,
