Problems encountered on footpaths and bridleways

A plea to all members, please report footpath problems.

To report any problems you find please send an email to paths@northyorks.gov.uk

They will need an accurate description of the problem and the location with a grid ref. and photo if possible. Don't worry if you know it's a longstanding problem, the more times it gets reported the better. It would also be very useful if you could send a copy of the email to the footpath secretary gillzewde@hotmail.com she will then check the problem against our survey results and also against the data base from the footpath team at NYCC. We can then see if they have in fact already recorded it or not.

No problems will get fixed unless they are reported.
